A man must reap as he sows. If he sows health, he will reap health. If he neglects his health the weeds of disease will grow up and choke it.

It is a daily and hourly marvel that men will recklessly neglect their health, when a moment's thought should tell them that they are courting death. It lies in most every man's power to live to a green old age.

If a man would only take the same care of himself that he does of his horse, or cow, or dog, he would enjoy good health.

When a man owns a hundred-dollar horse, and it gets sick, he does not waste any time about doctoring him up. When his garden gets full of weeds, he doesn't delay about getting them out. For he knows they will choke out his vegetables. When he is out of sorts, sick, nervous, headache, has no appetite and is restless and sleepless at night, he pays little attention to it.

The result is consumption, nervous prostration or some serious blood or skin disease. Dr. Pierce's Golden Medical Discovery is the best of all medicines for hard working men.

It gives edge to the appetite, facilitates the flow of digestive juices, invigorates the liver and purifies and enriches the blood. It is the great blood-maker and flesh-builder. It cures 98 per cent of all cases of lingering coughs, bronchial and throat affections, weak lungs, bleeding from lungs and kindred affections. Do not wait until the lungs are too far wasted to admit of being cured.

As you know, five years ago the doctors had given me up to die with consumption," writes Mr. E. G. McKinney, of Deepwater, Fayette Co., W. Va. "I took treatment from Dr. R. V. Pierce, and am entirely well now. I had taken, steadily, Dr. Pierce's Golden Medical Discovery."

Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a dose.

### Biting Finger Nails.

The chief finger nail chewers of the world are the French, and it was recently stated upon reliable authority that nearly two-thirds of French school children are addicted to the habit.

Even for grown people there is hardly any habit, aside from the confirmed abuse of narcotics, more difficult to overcome than the habit of biting the finger nails. It requires a strong mental effort and constant vigilance to do this, for once a person has become thoroughly addicted to the habit he does it unconsciously, and is only reminded that he is marring himself when he gets one of his nails gnawed down to the quick.

All manner of remedies have been advanced for the cure of the finger nail biting habit, including the placing of injurious and bitter compositions on the ends of the fingers, but none of the remedies amounts to much.

The only way to stop biting the finger nails is to stop. The Americans are next to the French in the finger nail biting habit, probably because the Americans, as a whole, are an exceedingly nervous people. A man who accomplishes his determination to knock off biting his finger nails may, by incessant manœuvring, get them to look fairly well within a year or so, but finger nail biting, if long persisted in, ruins the shape of the ends of the fingers, and the nails can never be brought to look as well as those of the persons who permit their nails to grow as they were intended to grow.—Washington Star

### Too Much For Watson.

Only once did Watson, when a captain, never fail to punish a man for intoxication. This was in the summer of 1893 at Boston, when the San Francisco took the Massachusetts naval militia on its first practice cruise. Among the regular crew was old Alexander Parker, sailmaker's mate, who was never known to remain sober when there was liquor to be had. When the naval militia came on board a witty boatswain's mate, while no officer was near, sang out in an authoritative tone:

"All you men having whisky on board lay below and turn it in to the sailmaker's mate for safe keeping."

Many amateur sailors took the bait, and in a few minutes old Aleck, sitting down below decks in his sailroom, was surprised to have a vast collection of flasks passed to him. He received all these as gifts with many thanks. He was found a day after sound asleep in his sailroom, literally covered with empty bottles of every size and shape. He was finally taken before the captain, to whom was told the circumstances.

"Parker," said he sternly, "I have no words with which to discuss your case. Go forward."—New York Times.

### Asked For a Shirt and Got a Wife.

During the civil war there was a certain young lady in Georgetown who found it in her power to do a great deal for the Confederate soldiers confined in prison at Washington. Young, beautiful, cultured, popular, of a wealthy and prominent family, she was frequently allowed admission to the prison, whither she always took her maid with a well stocked basket of good things for the poor boys behind the bars. One day as she was passing through a group of men in the common prison she stopped and said to them:

"If there is anything you would like to have that I can bring you, won't you let me know? I shall be very glad."

One man stepped forward promptly. Bowing most courteously, he said:

"If you will be so kind, I should like very much to have a clean shirt."

He was a young lieutenant from Louisiana, one of the handsomest and most elegant men I ever met, and when that young lady looked up into his brown eyes she found it in her heart to give him much more than a clean shirt, for she married him as soon as the war was over.—Philadelphia Times.

## SENATOR STEWART A TAXPAYER.

Several sore headed goldbug papers, in the interest of Hanna, Cleveland and Co., are asserting that Senator Stewart is not a taxpayer in Nevada. The Carson Appeal says the taxlist of Ormsby county contains the following:

Stewart, Anna E. Foote, \$7,000.

This constitutes the family homestead in Carson and was put in Mrs. Stewart's name as a permanent home. It cost over \$15,000 and were it not for the depreciation in property caused by the adoption of the single gold standard it would readily sell for what it cost. Senator Stewart is one of the tenth highest individual taxpayers in Ormsby county, and yet the malignant gold press, because of its hatred for the man, proclaims that he is not a taxpayer in Nevada.

In this connection it may be asked what Senator Stewart has done, except to advocate the cause of bimetalism, that has caused the gold press to misrepresent him? Twelve years ago he was the Republican candidate for United States Senator to which office he was elected by a Republican Legislature. If he was a resident of Nevada, then he certainly has not lost his residence since, as he has been in the United States Senate continuously from that time to the present. In what way has he given offense to the Republicans, except for his advocacy of free coinage? Is it possible that the Republicans of this silver producing State are intent on defeating him simply and solely because he favors the restoration of silver? It cannot be considered an offense by any sane man in the state to advocate legislation that will repopulate our deserted mining camps and give men who are able and willing to work an opportunity to earn a living for themselves and those dependent upon them. Why then this Republican hatred of Senator Stewart?

## THE CHIEF SURGEON AT CAMP THOMAS.

Dr. Huidekoper, who as Surgeon in the army had charge of the medical department at Camp Thomas, Chickamauga, is accused of mismanagement. It is shown that up to the time of his appointment as Army Surgeon he conducted a hospital for horses, dogs and cats in New York City. His card is reproduced in the papers and gives the rates per day for treating and bathing cats and dogs.

The doctor's brother was Postmaster at Philadelphia under President Garfield. The brother had a "pull" in Pennsylvania and it is charged that the doctor was commissioned a Surgeon through the influence of Senators Quay and Penrose of that State. More soldiers died because of the negligence and incompetence of the medical department at Camp Thomas than were killed by the Spaniards in the war. This is not surprising now that it is known that a cat doctor was commissioned to treat the soldiers, because he had a political pull at Washington.

## A NICE QUESTION.

The order issued by the War Department for certain regiments on the Pacific Coast to proceed to Manila has raised a question which according to some international lawyers in Washington is likely to complicate an already delicate situation. They claim that under the terms of the protocol which promised a suspension of hostilities neither nation can increase its force or fortify its positions any more than they could under an armistice. They suggest that Spain will likely inquire whether the troops have been ordered to Manila, and if the orders issued are insisted upon will probably lodge a protest, and may accept what they claim is a breach of international law as an excuse for embarrassing the situation.

## THE OREGON AND IOWA.

The battleships Oregon and Iowa, two of the best vessels in the navy, are being coaled for a voyage from New York to Manila. They will round Cape Horn, touch at Honolulu and thence proceed to the Philippines. It is stated authoritatively that they are to make but three stops on the voyage, unless they should be compelled to make a port for repairs.

The reason for sending those battleships to Manila, where Dewey rules the waves, has not been disclosed. The action is said to be of a precautionary character and intended to impress Germany with the sea power of the United States and not permit any foreign interference with the disposition to be made of the Philippines.

## HONOLULU COLONISTS.

Arrangements are being completed in San Francisco for the establishment of a colony of Californians in Hawaii. Twenty-one families will be taken from California and given 140 acres of land each on the great Ewa plantation. The working members of each family are to receive \$18 a month each, besides provisions and one-sixth of the profits of the land.

It is the intention of the owners of the Ewa plantation to substitute white labor for Chinese or Japanese wherever possible. The climate, however, is enervating, and it is said that white people cannot work on sugar plantations. If that is true there will not be room for many pale faces in the islands.

## A CARD FROM MR. LEETE.

## Tramp Politics.

To the people of the State of Nevada, delegates in nominating conventions and candidates for the Senate and Assembly:— This morning a letter appears in the DAILY NEVADA STATE JOURNAL, recommending the election of Wm. M. Stewart to the Senate of the United States, addressed to Reinhold Sadler, Governor of Nevada, purporting to have been written by Stephen M. White of Los Angeles, California. Also previous letters of like character have appeared in the same and other papers in the State, purporting to have been written respectively by prominent citizens of Illinois, Colorado and Pennsylvania.

It is now asserted that the text of those letters was prepared in Carson City and given out for publication. Assuming that those letters originated from the persons over whose signatures they appear, I submit that the whole scheme is an insult to the Statehood of the State of Nevada and to the intelligence and American manhood of every inhabitant of the State. It appears that Mr. Stewart is better known in other States than he is in this State.

The personnel of the Senate of the United States is based on Statehood representation, to consist of two members respectively, inhabitants of the individual States they represent.

If the insult goes unchallenged that the inhabitants of the State of Nevada do not possess the needed intelligence and patriotism to enable them to select a Senator of the United States in pursuance of the fundamental doctrines of the constitution of the United States from the bona fide inhabitants, then for a like reason should they select a State ticket from the inhabitants of other States, for example, a Governor from Rhode Island, Lieutenant Governor from Michigan, Justice of the Supreme Court from Maine, Secretary of State from Minnesota, State Treasurer from Virginia, State Controller from Oregon, Surveyor General from Illinois, Superintendent of Public Instruction from Alabama, Board of Regents of University of Nevada from South Carolina, five District Judges from Ohio, State Central Committee from Indiana.

To elect representatives, State and National, from the inhabitants of a State is a function of Statehood.

If the State of Nevada is incapable of selecting such representatives from her bona fide inhabitants, then that fact raises very seriously the question, is Nevada a State?

If you wish to know about me ask my neighbors.

Your obedient servant,  
B. F. LEETE.

## Male Felinity.

"Talking about the humanity of man and the felinity of woman," said the independent woman, "let me tell you a little story of a man and a cat. The story was told to me by the wife of the man, who is a domesticated woman. It seems that the family cat, besides being of a sportive disposition, had more ingenuity than most cats or understood better how to relieve the tedium of a domestic existence. This cat caught a mouse. Being well fed, her sporting instinct came into play, and she kept the mouse to amuse herself with. That is a feline custom, as you are aware, but where this cat showed superior mentality was in hitting upon a place to hide the mouse, thus protracting the amusement. She kept it in an old shoe in a storeroom. The man of the house discovered the proceeding, and was almost as much amused as the cat. Did he put a stop to it? No, indeed. For several days he fed both the cat and the mouse, after which the cat would take the mouse out for its daily exercise, to the delight of both conspirators. Then the man's wife found them out. She took the mouse away and let it go."—New York Commercial Advertiser.

## Sport as a Developer of Character.

Every now and then there crops out in this republic the notion that if our more cultured citizens were our rulers that we should be much better off. We very much doubt it. If our more manly citizens could rule us, then no doubt we should be better off. But there is a freakiness and finicalness, an inability to give and take, a general rubbing and creaking of machinery among men developed only on the one side of the mind, which always everywhere makes them objectionable as rulers. Boxing is just as likely to make a man meek as books, but if you have a bully to deal with neither the boxing nor the books will avail anything, and he becomes almost more objectionable as an editor than as a prizefighter. Of course sport will fail, just as every other agency will fail, with certain men. On the other hand, for the great majority of men, well conducted sport will teach them fortitude, gentleness, meekness and fair play as no other agency yet invented by man can do.—Outing.

## A Funny Mistake.

A servant lass at an inn once made a funny mistake. Opening the door of one of the rooms, she saw, as she thought, the handle of a warming pan sticking out near the foot of the bed. "Bless me," she said, "that stupid Martha has left the warming pan in the bed! She might have set the place on fire." Taking hold of the handle, she gave it a violent jerk, when up jumped an awakened traveler, shouting lustily: "Hello, there! Leave my wooden leg alone, will you?"—London Fun.

## Gravestone Emblems.

In a cemetery in a neighboring state lies buried a family of the name of Rose. Upon each headstone is cut this flower, broken at the stem, while upon the babe's tomb is engraved a bud. Curious as this is in itself, however, it is emphasized by the neighboring plot, where lies a family of the name of Fish, who have followed the example of the Roses by having a small specimen of the finny tribe cut upon each of their gravestones.—New York Sun.

## At the Theater.

The Shaw Company again packed the Opera House both at the matinee yesterday afternoon and the performance last evening. Rip Vanwinkle was presented in the afternoon with Rip and his dog Schnozler, the demons of the Catskill mountains and all the other features of this grand old play which varies the emotions of the audience from laughter to sadness, sympathy to indignation and the creeping sensation of fear to confidence. The play was well presented with good scenic effects and general details.

Last night "Farmer Stebbens," with Sam Shaw in the leading role, delighted the large audience and the troupe closed a very successful engagement for themselves and a very satisfactory week of amusement for their patrons. The company will leave for Carson this morning, where they will play next week and the following week will hold forth at Piper's Opera House, Virginia.

## The Wallace Shows.

In commenting on the Great Wallace Shows, the Pittsburg, Pa., Commercial Gazette says:

"This show on its first visit here, eclipsed in every respect any big show that had ever visited Pittsburg, and we have had them all."

The big shows will be in Reno, October 4th.

The Gold Democrats secured control of the State Convention in Connecticut, and nominated a ticket on the State Platform of 1896, and yet there are people here in Nevada, who say there is no necessity for a straight Silver party. Clevelandism has not yet been fully eradicated from the Democratic party. Its taint still poisons it, and as in Connecticut, makes it offensive to many genuine Silver men.

The funeral of the late Patrick McLaughlin will take place this afternoon at 2 o'clock from Sander's Undertaking Parlor.  
Henry Riter's lunch to-day will be up to the usual Sunday standard. Hot soup, salad and special dishes will be features.  
A fine Sunday dinner will be served at the Riverside to-day. Save annoy and work at home by taking dinner at the Riverside.  
The Washoe Lunch Counter will serve its usual excellent Sunday dinner to-day. A fine meal may be had at a small figure.  
Major Morrison of the Nevada Battalion is the father of a young soldier, who was ushered into the world in Virginia City yesterday.  
Thyes' clam chowder lunch to-day will be all that could be desired and his liquid refreshments of all kinds are strictly up to date.  
Mrs. J. B. Bradley leaves this morning for old Missouri to visit her aged mother. Mr. Bradley will probably accompany her from Elko to Kansas City.  
Watch Porteous Decorative Company's window this week. For artists materials, pictures, frames and ornamental designs, this firm cannot be excelled anywhere.  
Rev. Mr. Jones of Oakland, California, has been appointed to fill the vacancy created in the M. E. Church here by the resignation of Rev. Mr. Lee. Mr. Jones arrived yesterday.  
Anheuser beer at the Monarch is a healthful and refreshing beverage. And there is nothing like it to quiet an angry candidate or delegate as quickly and make him feel at peace with the whole world.  
G. W. Doane is a graduate optician and can tell any trouble with the eye as quickly as any of the celebrated opticians in the larger cities. It is not necessary now for Nevada people to visit San Francisco to have their eyes examined.  
Dr. W. A. Spencer of New York, who will preach in the Methodist Church to-day, will deliver his eloquent patriotic address on "The Courage That Wins." All should avail themselves of this opportunity to hear one of Methodisms eloquent men.  
Watch repairing and jewelry work promptly attended to by W. G. Doane. All work guaranteed. I am here to stay and intend to please all customers. A share of your patronage is respectfully solicited. Country orders will receive prompt attention.  
Each and every student should have their eyes properly examined to be sure that there is not an error of refraction existing. By calling on W. G. Doane, the graduate optician from Philadelphia, one can find out the exact condition of their eyes without any charge.  
H. H. Hamlin, the optician, is here with the finest line of goods ever handled. Anyone he has furnished glasses to within the past year can have them exchanged without cost if they are not properly fitted. Mr. Hamlin may be consulted at the Arcade Hotel. By patronizing him you have the advantage of being in a position to have your glasses exchanged without cost.  
Captain Fred Linscott of the First Nevada Volunteer Cavalry Troop arrived from San Francisco yesterday. He is in excellent health and reports very little sickness among the Nevada boys as they were stationed at Camp Merritt only eight or ten days. The men are anxious to get to Manila and Captain Linscott made their wants known to Congressman Newlands.  
Postponed.  
The tennis tournament that was to have come off on the Nevada Club grounds yesterday was postponed owing to the non-arrival of some of the players from California.

THIRTEEN AND LAST DAY OF THE FAIR.

A Good Attendance and Reasonably Successful Meeting.  
Yesterday concluded the Annual State Fair for 1898. Considering the general depression and other conditions prevailing throughout the State, the meeting has been a reasonably successful one, the Directors believing that they can pay all bills contracted and still have a few dollars with which to make some improvements for next year.  
The V. & T. special yesterday morning brought three carloads of visitors from Virginia and Carson and the town's people turned out in goodly numbers so that the attendance while not as large as Friday was comparatively very good for the last day.  
A football game by two picked teams from the University entertained the spectators present during the morning hours. The game was spirited and well contested and was especially interesting to those who had never seen a regulation football game and also to those who enjoy such sports.  
The first racing event was a two-mile trotting dash in which Doc Button, Mamie M. Oulbald, Arrow and Hera were starters. No pools were sold on the race, but book betting was the order and the boys seemed to think that Button would show up winner. In this they were disappointed for Mamie took the race in 4:58, the favorite second and the others scattered along the homestretch.  
Next came a mile handicap with Silver State, Fannie E and Finnegan as entries. The latter won in 1:42, beating the State record for class and weight. The third and last race was a consolation purse for one mile, purse to be divided as follows, 10 per cent to winner at quarter, 20 per cent to winner at half, 30 per cent to winner at three-quarter and 40 per cent to winner of race. The entries were Hazard, Christine, Diabolella, Iron Jacket and Lucky Dan. Diabolella was first, followed against the field, but Hazard soon sold as choice. In the race Iron Jacket took the quarter and half money and Diabolella the three-quarter and race, Hazard second, Christine third; time 1:46.  
Contrary to the Quarantine Laws.  
Uncle George Schaeffer drove 160 head of cattle from a point near Truckee to his ranch on the meadows for the purpose of pasturing them. It seems that the district from which the cattle were taken is in the tabooed district of California, and as the quarantine laws, both Government and State, are very strict, the quarantine officers here were compelled to take prompt action and the cattle were put in a field by themselves and a deputy appointed to take charge of them. Steps will be taken at once by the Government Inspector here as well as quarantine officers and the offense is really a serious one, but the penalty will probably be made as light as possible owing to the fact that Mr. Schaeffer broke the law innocently believing the cattle were outside of the lines proscribed and he was at liberty to remove them. The case, however, will serve to warn others from taking any chances, for it will be made apparent that with a United States Inspector right here men cannot ignore the law when the occasion happens to suit their pleasure or convenience.  
Beatrice Priest Fine.  
Town Talk says of Mrs. Fine, that she is so well known as a singer, that it is hardly necessary to say that she sings her numbers with voice and style that wins the instant recognition of the most critical auditors. Her voice is of a truly wonderful compass, purity and sweetness. She has a brilliant soprano which has a range of three full octaves with a strong ringing quality and good volume. Mrs. Fine also has a naive and winsome manner upon the stage that immediately attracts her audience. She is accompanied by Robert Clarence Newell, pianist and Llewellyn Hughes, violinist, both artists of note, who not only add to the rendition of Mrs. Fine's solos by their masterly accompaniments on their respective instruments, but render solos as special features of the program. They will appear in this city on the evening of October 3rd and the musically inclined people of Reno may be assured of a musical treat seldom their opportunity to enjoy. Full particulars will be announced in a day or two.  
Fancy Work and an Art Exhibit.  
The most attractive exhibit at the Pavilion this year and one that deserves special mention is the display of fancy and art work made by Miss Dallimore and Mrs. Koch of Ogden. The ladies brought their exhibit here, believing that an opportunity would be given to show the people of Nevada what could be accomplished in this line, but the limited display at the Pavilion was a disappointment to them, for they had anticipated competition and through this a chance for comparisons to be made. The small attendance also has been a disappointment to them, for comparatively few have seen their work. In order that the ladies of Reno and vicinity may inspect their display, they will open an art studio on Monday at the residence of Mr. L. L. Crockett, corner of West and Second streets, where they will be pleased to have ladies call upon them.  
Will Build a Fine House.  
M. Scheeline of the Bank of Nevada has purchased two fine lots in the Ryland Addition and will build thereon a \$5,000 residence. Work will commence in the near future.

WEATHER BULLETIN.

(Copyright, 1898, by W. T. Foster.)  
St. JOSEPH, MO., September 24.—My last bulletin gave forecasts of the storm-wave to cross the continent from September 25th to 29th.  
The next disturbance will reach the Pacific coast about 30th, cross the West of Rockies country by close of October 1st, great central valleys the 2nd to 4th, Eastern States 5th.  
Warm wave will cross the west of Rockies country about 30th, great central valleys October 2nd, Eastern States the 3rd. Cool wave will cross the west of Rockies country about October 3rd, great central valleys the 5th, Eastern States the 7th.  
Temperature of the week ending 8 A. M. October 10th will average below east of the Rockies, above on the Pacific slope and about normal in the Rocky mountain countries. The changes of temperature during this week will be sudden and will include a cold wave.  
Rainfall of the week mentioned above will be about normal east of the Rockies and will include a considerable snowfall in the northern states east of Rockies.  
The month of October will be colder than usual east of the Rockies and above normal on the Pacific slope. Two general cold waves will occur during the month, one crossing the continent during the first week of the month and one during the last week. A general warm wave will prevail from the 18th to the 22nd of October. Not all the time warm but the average temperature will be above normal.  
Rainfall of October will be below east of the Rockies, about normal in Rocky mountain countries and above on the Pacific slope.  
The most severe storms will occur about the first of the month and about the 21st.  
Killing frosts will occur in the northern states about October 3rd and further south about October 26th.  
Particulars of October weather will be given more in detail in subsequent bulletins.  
Another victory for these bulletins in that the predicted wave of higher temperature, following the cold wave of September 10th, was on time. These are among the most important weather changes and to be able to forecast them is not only a great benefit to business affairs but is among the great accomplishments of the century.  
My calculations for the general weather events of 1899 will be completed November 1, 1898.  
While there were a few failures in the general forecasts for 1898, the total result was a great success for the forecasts.  
There are a large number of dealers in the cereals who buy and sell in accord with these forecasts and after years of trial they continue to succeed. Many of these dealers have made fortunes by closely watching these forecasts.  
One result has probably been noticed by all observers. The rains of 1898 have extended further west of the Missouri than usual and this was one of the most important of the forecasts.

25th

Republican County Convention.  
The Republican County Convention met in the Wheelman's hall yesterday morning at 10 o'clock. Col. H. B. Maxson was elected temporary chairman and H. W. Higgins and W. A. Fogg, temporary secretaries. Alf Doten was selected as temporary sergeant-at-arms. The usual committees were appointed and the convention adjourned until 1 o'clock.  
The convention was composed of representative men from the various precincts of the county and as a whole was a very dignified body of men.  
In due time the committees reported. The temporary officers were made permanent and the report of the Committee on platform and resolutions was adopted. The resolutions endorse the platform of the late Republican State Convention; pledge the candidates to economical management of county affairs; urge the people of the county regardless of politics to favor storage reservoirs; endorse home rule and Nevada for Nevadans; praise the high standard of the State University and pledge the representatives in the Legislature to protect its best interests and strive to broaden its field of usefulness; denounce the management that has caused the scandals in the State Insane Asylum and Orphans Home and pledges the Republican party of Washoe county to use its best endeavors as far as possible to correct such matters, and advocates that Reno be made a terminal point on the Central Pacific system.  
The report is signed by G. H. Thoma, chairman and N. A. Hummel, Secretary.  
A county central committee was selected, this being the first order of business and then the convention proceeded to make the following nominations: For State Senator, P. L. Flannigan; for Assemblymen, S. J. Hodgkinson, G. W. Robinson, L. A. Blakeslee and Tom Pixley; for Sheriff a contest occurred between Harry Fogg, Will Craig and Ike Lothrop of Wadsworth, the latter being selected as the nominee; for Assessor, L. D. Folsom and A. A. Evans, present incumbent, were named. Mr. Evans was the successful aspirant; for County Clerk, W. A. Fogg was declared the nominee by acclamation; for Commissioner (long term), T. K. Hymers, the old war-horse was declared the nominee amidst applause. "Bally" was called for, but it was announced that he was engaged and could not be present. Everybody in the county knows T. K. Hymers so it was not necessary to introduce him to a Republican county convention. His son George paid the assessment but said he would let the old man do the talking. T. H. Bastain of Wadsworth was declared the nominee for short term Commissioner. J. V. Peers was nominated for Coroner and Public Administrator and E. L. Williams for District Attorney.  
The offices of Recorder, Treasurer and County Surveyor were passed and a motion carried that the Central Committee be authorized to fill them as well as any other vacancies that might occur. The County Convention then adjourned sine die.  
Immediately after adjournment the Reno delegates met and organized and nominated J. J. Linn for Justice of the Peace and Ward McNelly for Constable.  
The following gentleman were named for Councilmen: First Ward, A. H. Manning; Second Ward, W. D. Phillips; Third Ward, George Perkins; Fourth Ward, W. J. Luke; Fifth Ward, J. A. Fitzgerald.  
Millions Given Away.  
It is certainly gratifying to the public to know of one concern in the land who is not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, bronchitis, hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on S. J. Hodgkinson Druggist, and get a trial bottle. Regular size 50 cent and \$1. Every bottle guaranteed, or price refunded.  
A Complete Stock.  
The Palace Dry Goods and Carpet House announces in this issue that their stock of ladies' jackets, capes, collarettes and children's and misses' jackets is now complete. The styles will be found correct, because the Palace has only this season's goods. The prices too are reasonable for such high grade goods. The Palace also carries a large assortment of ladies tailor-made suits, wrappers, waists and skirts. The stock of new fall dress goods and trimmings is complete. Call and see them.  
A Clever Trick.  
It certainly looks like it, but there is really no trick about it. Anybody can take it who has lame back and weak kidneys, malaria or nervous troubles. We mean he can cure himself right away by taking Electric Bitters. This medicine tones up the whole system, acts as a stimulant to liver and kidneys, is a blood purifier and nerve tonic. It cures constipation, head aches, fainting spells, sleeplessness and melancholy. It is purely vegetable, a mild laxative, and restores the system to its natural vigor. Try Electric Bitters and be convinced that they are a miracle worker. Every bottle guaranteed. Only 50c a bottle at S. J. Hodgkinson's Drug Store.  
The company of which Captain Sanders was commander made him a present of an elegant silver set Thursday.
